

Cariny Perez

Software Engineer

Passionate, self-starter with five years of software development experience, seven years of startup experience, and a year of building with AI tools like Claude every day. I bring a unique perspective and a creative problem-solving approach.

WORK EXPERIENCE

Equips

Software Engineer

Jun 2023 - Nov 2026

- Built full-stack features for a work order and claims platform with ReactJS, TypeScript, NodeJS, GraphQL, and Serverless on AWS Lambda
- Built service request schedules, letting customers set up recurring preventative maintenance that automatically generates service requests by location and equipment
- Led the design and delivery of manager and adjuster dashboards for a major client, giving teams clear visibility into their workload and progress
- Used Claude daily to prototype interactive mockups, draft design docs, and speed up development
- Co-led recurring AI skills sessions to help the engineering team build faster with AI tools

Vertrical

Software Engineer

San Francisco Bay Area | Sep 2021 - Nov 2022

- Worked on an agile team, joining daily stand-ups and sprint planning, to develop new features based on specific requirements, fix bugs, refactor existing code, and extend existing functionality
- Worked full stack using ReactJS, NextJS, and TypeScript on the frontend and NestJS on the backend, and assisted with frontend releases
- Built digital health features, including an insurance flow with Truepill and OptumRx for OTC and prescription purchases and an MVP for businesses to sell OTC products

Web Development Consultant

San Francisco | Jan 2021 - Oct 2021

- Brainstormed with team members to design solutions to a given problem
- Turned Figma designs into web applications
- Built web applications using NodeJS, ReactJS, HTML, and CSS

GoodTime.io

Operations

San Francisco Bay Area | Feb 2019 - Oct 2020

- Served as facility manager for our SF office with 30+ employees
- Managed vendors and contractors: planning for, purchasing, and upkeep of workstations, furniture, and employee supplies
- Coordinated events including team-building retreats and holiday parties
